BOLSHEVIKI WORKING FOR PEACE TALK WITH BRITAIN

Are Negotiating At Dorpat With That View, But British Will Not Consider It

"Red" Wireless Says Kolchak Force In Disorderly Retreat--Yudenitch's Fate

A. P. Special Cable.
London, Nov. 17.—The diplomatic circles here the view is held that it is evident the Bolsheviks are entering the negotiations at Dorpat, regarding the exchange of prisoners, with every intention of endeavoring to open peace negotiations with Great Britain. The make-up of the delegation accompanying M. Litvinoff, former Soviet Ambassador to Great Britain, who heads the mission, is considered significant, as is also the fact that numerous telegrams have been received from the Bolshevik Government expressing the deepest appreciation of the arrangements made for the conference, the messages being couched in the most conciliatory terms.

James O'Grady, labor member of the House of Commons, who is representing Great Britain, has definite instructions not to enter into any prisoners except with relation to four-

BOLSHEVICK HOPES.
Dorpat, Estonia, Nov. 17.—(By the Associated Press)—There is the keenest interest here over the arrival of the four Bolshevik representatives, headed by M. Litvinoff, former Ambassador to Great Britain.

M. Phip, the Estonian Foreign Minister, has announced that the Bolsheviks are willing to be questioned, and he permitted to see any one in private without special authorization. The length of M. Litvinoff's sojourn here is not known. He has appeared in the city for two to Copenhagen, it is stated with Estonian representatives an exchange of prisoners and other questions. The session question of an armistice, it is believed, will be held in advance, pending the outcome of the Copenhagen conference.

It is difficult to ascertain whether the conference of the Baltic states are making any headway. Since Thursday night it has been observed that the unofficial delegates have been searching for a landing place. Mr. Keys, however, was in time to see the four of the Varsity men at dinner,

AUSTRIA TO DISINTEGRATE

(A. P. Special Cable)
Bern, Nov. 17.—A serious crisis appears imminent in Austria, according to advices received here. Political discontent and the economic distress are arousing the people.

The Vienna Government, it is reported, is unable to maintain its power, and the Republic is likely to fall to pieces, several groups declaring for a union with Germany.

It is asserted that the Austrian army will not attempt to prevent a revolution, as its officers have for some time been gradually replaced by Socialists.

CHURCH RE-OPENING

St. Joseph's Church, Brook, Improved.

St. Joseph's Church, Brook, which has been closed for the past few weeks undergoing extensive improvements, was formally reopened on Sunday morning.

There was a large attendance, people coming from Hamilton and Caledonia. It has a new roof, and the outside has been painted, and the interior now presents a neat and beautiful appearance. The metallic walls and ceiling are of new design and artistically decorated. There are new windows and new pews have been installed, and the handsome new altar is a gift of a parishioner in memory of his wife.

High mass was celebrated by Rev. George Cleary, the pastor, who also preached a sermon appropriate to the occasion from the text, "I have loved the beauty of thy house and the place where thy glory dwelleth." The soloists at the mass were Mrs. J. J. Cleary and Miss S. Cleary. The altar boys being Masters John Murphy and George Cleary. The improvements will cost \$1,700, and it is appreciated well for the generosity of the congregation which numbers only 25 families. Studebaker's collection amounted to \$207.

INVASION OF EAST DECIDED BY PANTOGES

Million Dollar Firm Behind New Theatre Project in Hamilton.

Will Seat 3,500

Savoy Theatre Owners Are Said to Be Very Largely Interested.

One of the rumors circulated recently in connection with big deal in central real estate was confirmed this morning by George Stroud, manager of the Savoy Theatre, who announced definitely that Pantogues vaudeville is coming to Hamilton. For the present he declined to name the site selected.

It is understood that the owners of the Savoy will be heavily interested in the new company, which is to be capitalized at \$1,000,000. Rumors have been current for some time that the Pantogues group is building a magnificent playhouse on Yonge street in Toronto, and negotiating with the city of Montreal and Ottawa. For some years it has been firmly entrenched in Winnipeg and other cities of the Canadian west.

Dedicated to invade the east, the reached some time ago, but development of the plan was delayed by the war. It is assumed now that Pantogues vaudeville will be an important factor in amusement in eastern territory on both sides of the border.

"Architects are at work on the plans now," said Mr. Stroud. "The new theatre will have a seating capacity of about 3,500, which will make it easily the largest in Hamilton. Service and quality will be in keeping with the capacity. I doubt if there will be a city in Canada or now in the States with finer playhouse than the one that will introduce Pantogues vaudeville to Hamilton. The site is the most central and the best that money could buy."

Mr. Stroud pointed out that the decision of the company to build a playhouse here at the present time is based on faith in Hamilton's growth.

The coming of the Firsttime Tire & Rubber Company, the Spencer-Purbit's Company and other large concerns during the past year justifies the confidence our people have that it will not be long before Hamilton is a city of the future.

"We have that in view and are building for the future," he said.

The Savoy, it will be recalled, was the first big playhouse to introduce high class vaudeville in Hamilton. Then followed the erection of the old Bennett house, now the Temple, the Lyric and Lowe's.

Last season the Savoy played stock for a record run before shutting up for repairs, or, one might say, for building. For nearly two months workmen have been ripping the Merriam street house to pieces and about the only thing saved was the walls.

When the house reopens on New Year's day or shortly after, Hamilton amusement seekers will see practically a new theatre with nearly 2,000 seating capacity. The policy of the Savoy has not been abandoned yet.

"The old Savoy was a pleasant surprise. The new Savoy will be all of that and more," said Mr. Stroud.

The coming of the Pantogues playhouse will be a revelation. That much I can promise," said Mr. Stroud.

The coming of the Pantogues playhouse will have no effect on the Savoy management. The hope will continue solely under its present ownership.

ANXIOUS OVER COAL FOR BIG STEEL PLANT

Management in Touch With Ottawa On the Subject To-day.

Others Well Fixed

Capt. Guy Says There is No Need for Alarm in Hamilton.

The bituminous coal situation in Canada is a very live subject among the large consumers to-day. Following the order from Ottawa, which appears in another column of the Times, the consumers of the city are taking accurate estimates of their supplies on hand.

The Steel Company of Canada are the largest users of soft coal in the city. Including their large coke oven plant, their daily consumption is about 1,000 tons. At the present time they have only a short supply, possibly enough for a week. Mr. Robert Holston, the general manager, is not a little concerned over the situation as presented by the morning reports, but is inclined to believe they are exaggerated.

"I don't know what the situation is. We are up in the air," was his reply, adding that he would get into touch with Ottawa at once to see what the prospects are of procuring supplies.

All the other large plants this morning replied that they were well stocked, saying that they have a sufficient store on hand to warrant that there will be no cessation in the heating of the buildings.

The Zimmer plant, as well as other large plants of a similar nature where much labor is employed, have enough soft coal on hand to keep them running for a couple of months.

The Civic coal yards have a supply on hand which will keep the waterworks, schools and municipal buildings comfortable for the next month or six weeks, according to city clerk Kent's statement.

Capt. Guy, of the Gullies-Guy Co., states that there is no need of a panic in the city concerning the coal situation. The captain said that his firm is receiving coal in the usual quantities to-day, and that there is no interruption anticipated.

As far as we are concerned," said the captain, "there never has been a shortage of coal in the city. The main point is our contract is being filled, and we have every reason to believe that we will be able to continue to deliver."

I had a talk with Pittsburg this morning and was assured that the plug are reduced to 10c two for 35c as they are bound to do before negotiations can be entered into with the consumers in Hamilton have been wise enough to stock up, so that they are not really likely to be embarrassed."

HAMILTON GOT \$20,000,000 IN VICTORY LOAN DRIVE

Teams and Employees Alone Bought Nearly Two Million on Saturday

Salesman S. Coons Topped the List With \$105,000 For the One Day

By better than several thousand dollars Hamilton reached its super-objective of 20 millions in its last Victory loan drive on Saturday night, and not only surpassed last year's available record, so far as getting the money is concerned, but is sure of winning one of the captured German howitzers which the Dominion executive committee has offered to the citizens making the best showing. The only other point that gave a day's record was the fact that the teams and employees alone bought nearly \$2,000,000. The total number of subscribers who bought bonds during the campaign was 20,297—not quite as good a showing as last year, when slightly over 35,000 persons bought. But last year only \$18,800,000 were subscribed, while this year when total returns are in the showing will be about \$22,250,000.

An incomplete summary up to Saturday night follows:

District	Saturday	Apps.	Total	Apps.	Pct. Cent.
A	67,900	145	\$1,023,850	1,526	111.88
B	195,750	199	2,042,100	2,862	162.20
C	98,850	201	974,000	2,243	140.54
D	98,450	201	871,150	1,623	161.70
E	281,550	204	960,200	1,215	186.32
Team total	747,500	1,050	\$5,873,300	9,409	170.05
Employees	1,237,500	10,713	1,035,700	20,798
Total	\$1,985,000	11,423	\$8,909,000	30,207

The total returns from the banks and special committee have to be added to this summary yet, and when this is done the total will be well over 20 millions.

ALL GREAT POWERS AGREED ON THE SUBJECT OF RUSSIA

Perfect Accord is Not Only Between Britain and France.

(A. P. Special Cable)
London, Nov. 17.—In reference to the announcement in the French Press following upon the conversations which Lloyd George, Lord Curzon, and Mr. Baillou held, that Great Britain and France were completely agreed on the policy toward Russia, the Daily Chronicle does not determine the matter entirely. The questions of the attitude taken toward the contending forces in Russia are settled by the Allied Council as a whole, and it is stated that Great Britain and France are agreed upon any point or points, it may be taken as a whole, or by any of the Allied

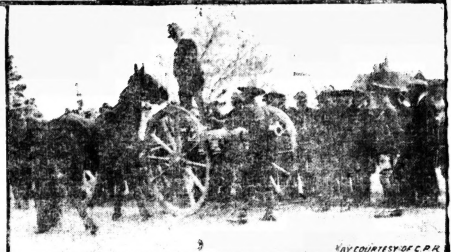

countries, to the forces arrayed against the Bolsheviks, neither will any initiative be taken toward assisting the present Government. The main point in the present position is the complete harmony in the policy of the Allies. The action of the British and French for instance, in handing over a large loan to Denikin, was not done until after the assent of the other Allied powers and been obtained. This exercise of scrupulous regard for the opinions of every member of the Entente will continue to be characteristic of all decisions of the Allies on the subject of Russia, as of every other problem arising out of the Paris conference.

Denmark's National Flag

The flag of Denmark, a plain red cross bearing on a white cross, is the oldest flag now in existence. For over 300 years both Norway and Sweden were under the Danish flag. Denmark was the first to raise the flag in the year 1119. King Waldemar, of Denmark, when leading his troops to battle against the Livonians, saw or thought he saw, a bright light in the form of a cross in the sky. He held the appearance to be a promise of divine aid, and he ordered his troops to follow. From that time he had the cross placed on the flag of his country and called it the Dannebrog, or the flag of the Danes, as a whole, or by any of the Allied

THE PRINCE WITH THE NORTH WEST MOUNTED POLICE.

There was a riot of color, sensational riding and fun at the R. N. W. M. P. barracks at Regina following the inspection of the famous Prince by His Royal Highness the Prince of Wales. Drawn up on the square were the depot division, the mounted training class and a squadron of mounted men for inspection. The Prince passed slowly through the lines, stopping here and there to speak with men with avowed nervousness and displaying a decided interest in the winter dress and different types of uniforms on parade.

Addressing the officers, N. C. O.'s and men, following the inspection, His Royal Highness commended them on their smart appearance. In the course of his remarks he showed himself to be familiar with the history of the force, with its decorated war veterans as famous as the Dominion itself. He referred to the work of the R. N. W. M. P. in the Klondike

in the first days of the gold rush, and the respect the uniform had earned in the West. The record of the force, he said, was known in England, and the name was famous in all parts of the world.

Immediately after the inspection a number of untamed horses were brought in, and for a time there was real excitement.

It was evident that the Prince wanted to get into the crowd and get a better view of what was going on. He took time to shake hands to get in the danger zone some official led him gently to one side.

The mounted squad put their mounts through stunts. The horses were drawn, reared, dived, and did all sorts of things. The action was fast; under after rider would break loose and dash off before the crowd would turn its head and pick up some object from the ground.

ALBINO COAL FUEL CONTROLLER Takes Charge of All Either in Transit or Storage None To Be Delivered Except on Permit—Em- bargo on Export From Canada

Toronto, Nov. 17.—Seizure of all bituminous coal in Ontario, either in transit or in storage, has been made by Mr. H. A. Harrington, Provincial Fuel Administrator, under an order which he issued on Saturday night, shortly after he had been notified that the Canadian Trade Commission had instructed Customs officials that an embargo had been placed on all coal shipments from Canada. This action comes as a result of the recent strike of bituminous coal miners in the United States, and is taken to protect public utilities and essential industries from the request of the Federal authorities.

The order of the Fuel Administrator forbids any coal dealer, wholesaler or retailer, to deliver to any person bituminous coal without first securing written consent from him. It does not apply to coal now in transit or in storage in public utilities, hospitals, food manufacturers or newspaper publishing plants, nor does it prevent deliveries of coal to domestic users.

The embargo put into force by the Canadian Trade Commission, which is co-operating with the Dominion Fuel Controller, effectively prevents the shipment of coal to the United States without permission, and the order of the Provincial Administrator will prevent the shipment of coal to the United States. Mr. Harrington explained that he does not desire to be in a position to supply as much coal coming into Ontario as possible, but the steps taken will give every effort to keep the essential industries.

TEXT OF THE ORDER.
By virtue of authority vested in me under provisions of order in Council No. 3105, promulgated on November 16, 1918, I hereby order:

(1) No importer of coal, wholesaler or retailer, shall deliver to any person bituminous coal without the written consent of the Fuel Administrator for Ontario.

(2) This order shall not apply to coal now in transit or in storage for use in public utilities, hospitals, food manufacturers, or newspaper publishing plants, nor shall it prevent deliveries of coal to domestic consumers.

(3) Any person who violates the provisions of this order, shall be liable to the penalties provided in said order.

WAR ORDERS STILL EFFECTIVE.
Mr. C. A. Magrath, Dominion Fuel Controller, who recently took charge of the Fuel situation at the outbreak of the war, last night issued the following statement:

"All orders in Council under which the fuel control was administered during the war are still in force, although they have not been enforced since the fuel control was discontinued on March 31st last. In view, however, of the critical situation now obtaining in the matter of coal supply, the Government has requested the Fuel Controller again to assume charge of the fuel situation, and in connection with importation and exportation of coal from the Canadian Trade Commission."

It is quite possible for the Provincial Fuel Administrator to create an embargo on the coal supply, but examining the coal yard of each industry, dealer or importer, is the only thing to be done in case where an industry of public utilities require coal for their own consumption.

(1) The nature of the work being done in carrying on the coal supply.

(2) The amount of coal on hand.

(3) The normal coal consumption.

(4) Source from which coal is usually secured.

The statement must be sent to the Fuel Administrator of the Province in which the industry is located. In turn, the Fuel Administrator of the Province will forward the statement to the Canadian Trade Commission, Ottawa, and will also forward the statement to the Fuel Administrator of the United States.

COMBINATION MUST BE CORRECT.
While no demand has been made from the United States that require for a permit, it must be evident to all that it is imperative that the combination in the United States be to the correct use of the information given there, to prevent the possibility of such combination being questioned, all applications must be subscribed under oath.

On receipt of a wire from the Provincial Administrator that he has received the necessary information, the Fuel Controller will endeavor to arrange for the coal supply. The Fuel Controller will also request from the United States Administrator that coal not be supplied from coal now available in Canada.

If any evidence of the failure on the part of any industry to put forth every effort to conserve coal, the attention of the Fuel Controller, he will not approve any subsequent application.

125 YEARS OF METHODISM First Methodist Church in Canada Celebrates.

**Dr. Chown Speaks at
Lundy's Lane.**

Niagara Falls, Ont., Nov. 16.—The 125th anniversary of the birth of the Methodist Church, was celebrated in Lundy's Lane Church today. The church was packed with a large number of people, and the service was a most interesting one. Dr. Chown, the pastor, gave the invocation, and the service was a most interesting one.

At both services there were special musical offerings. Prof. Chown, who presided at the service, gave the invocation, and the service was a most interesting one.

Rev. J. W. Roberts, pastor of the church, spoke briefly and paid a tribute to Dr. Chown.

London, Nov. 16.—James Henry Thomas, general secretary of the National Union of Railwaymen, gave a speech at Bristol today, outlining the plan of the Government to nationalize the railways.

The Government's proposal, it was stated, was to nationalize the railways, and the National Union of Railwaymen, in response, would have three representatives with powers equal to those of the Government.

The plan would also create a joint board composed of five general representatives of the railwaymen and five representatives of the Government.

British Soccer Results

London, Nov. 16.—Fig. show and result combined to curtail soccer in the north of England and in Scotland, but only at Newcastle. The day was full of sensations, especially when Aston Villa met their rivals, West Bromwich Albion, the spectators at one time invading the playing pitch. The attendance numbered fifty thousand, and the gates being closed long before the match began. Birmingham, which has won by consistent good play. Every Saturday afternoon, the first point that Blackpool have no far, far, far. Amateurs of England beat the amateurs of Ireland handsomely by 5 to 0. In the night game Oxford United, after their three-quarters were very weak against the team who won by 5 to 1.
